

Our Promise to You

Your care, safety, and comfort are our highest priority. We will treat you and your loved ones with compassion and respect, while honouring your needs.

Helping Hands

Our hope is to make the end-of-life journey less difficult. Compassionate professionals are available for grief support and to help you and your loved ones every step of the way. Our volunteers provide additional care to families, cooking meals in the kitchen and offering another hand to hold during this time.

"Thank you for sharing our journey. You are people who strive to find even the smallest ways to make our lives easier, minute to minute. We will never forget the kindness and humanity you've shown us."

The emotional, spiritual, and physical comfort of our residents and their loved ones is our highest priority. We offer a home-away-from-home during one of life's most important moments: the end-of-life journey. ARCH Hospice is only partially government funded, requiring more than \$750,000 annually in community support as well as the generosity of 140 volunteers to provide our services to the community.
