

ADVANCE CARE PLANNING AS A FAMILY

ASK YOURSELF:

What brings quality to your life? What do you value?
If you were near the end of your life, what would make this time meaningful?

Where would you like to receive end-of-life care (home, hospice, hospital)?

Do you any have preferences about specific medical treatments (feeding tubes or machines to help you breathe)?

ASK YOUR KIDS:

Who are some special people in your life?

What are some activities that you like to do?

What is important/special to you?

WHO WILL MAKE DECISIONS FOR YOU?

Who is your Substitute Decision Maker(s)(SDM's)?

Have you shared any of this information with your SDM(s)?
